

Can-Am Axle

Thank you for choosing SUPERATV's brand axle. The following instructions will ensure a fast and accurate install of your new axle.

Your Can Am has a 2 phase spline design inside your differential. The following steps will guide you through the install.

1. Install your axle into the differential pushing the splines in until you feel it "click".
2. After you feel the "click" simply rotate your axle in either direction while still pushing in. You should feel a second "click" Sometimes you will even have to rotate the opposing side axle to get the new axle to seat correctly.
3. The newly installed axle will have a dust shield that should fit firmly against differential housing.
4. Give your new axle a quick tug to ensure proper seating of axle clip. If the axle stays in then the process was successful. If it comes out with relative ease then repeat steps 1-4 until achieving a proper fit.

Read instructions and view illustrations before beginning.

For Choosing*

SUPERATV.COM[®]

Liability Statement

SuperATV's[®] products are designed to best fit user's ATV/UTV under stock conditions. Adding, modifying, or fabricating any factory or aftermarket parts will void any warranty provided by SuperATV[®] and is not recommended. SuperATV's[®] products could interfere with other aftermarket accessories. If user has aftermarket products on machine, contact SuperATV[®] to verify that they will work together.

Although SuperATV[®] has thousands of satisfied customers, user should be aware that installing lift kits, long travel, or suspension kits, tires, etc. will change the ride of machine and may increase maintenance and part wear. Operating any off-road machine while, or after, consuming alcohol and/or drugs increases risk of bodily harm or death. No warranty or representation is made as to this product's ability to protect user from severe injury or death. SuperATV[®] urges operators and occupants to wear a helmet and appropriate riding gear at all times.

By purchasing and installing SuperATV[®] products, user agrees that should damages occur, SuperATV[®] will not be held responsible for loss of time, use, labor fees, replacement parts, or freight charges. SuperATV[®], nor any 3rd party, will not be held responsible for any direct, indirect, incidental, special, or consequential damages that result from any product purchased from SuperATV[®]. The total liability of seller to user for all damages, losses, and causes of action, if any, shall not exceed the total purchase price paid for the product that gave rise to the claim.

SuperATV[®] will warranty only parts provided by SuperATV[®]. Any damage or problems with OEM housings, bearings, seals, or other manufacturers' products will not be covered by SuperATV[®]. SuperATV[®] parts and products are not warranted if item was not installed properly, misused, or modified.
